

North Carolina COVID-19 Vaccine Management System (CVMS) Provider Portal

Step 6 - Receive and Manage Vaccine Inventories

User Guide

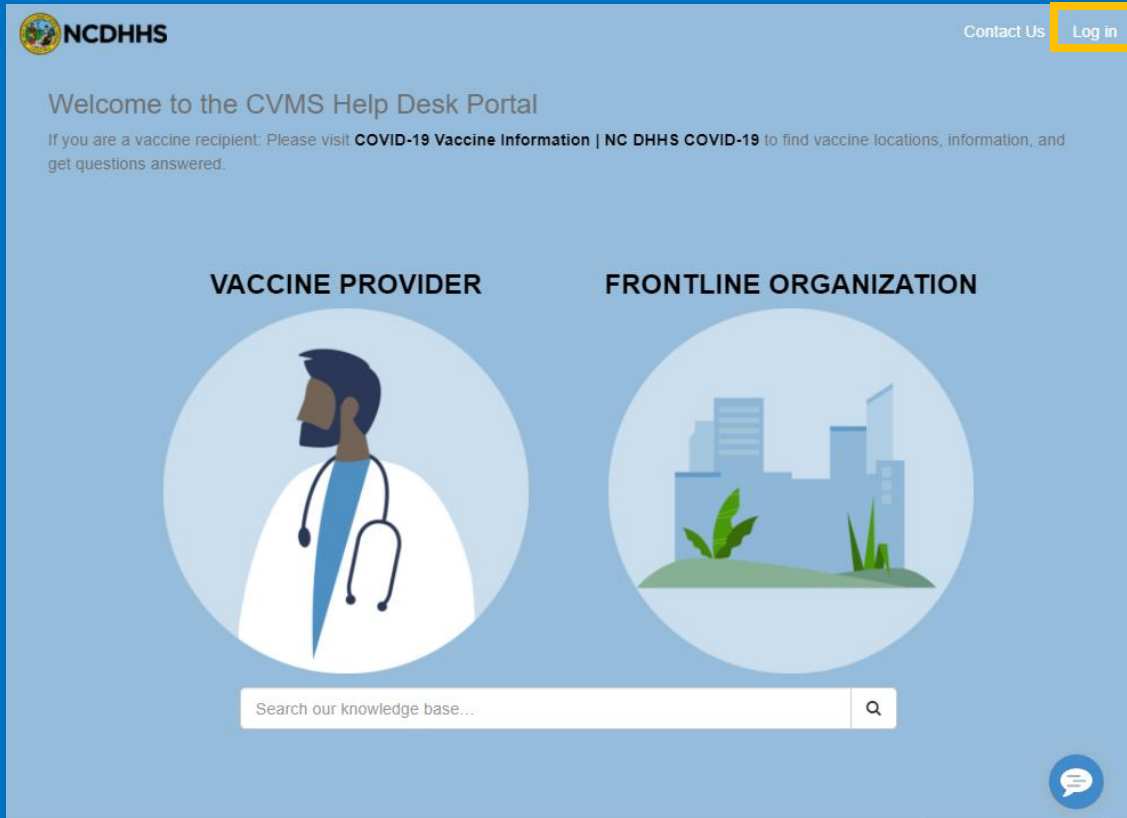

Version 20

November 18, 2021

NC DEPARTMENT OF
**HEALTH AND
HUMAN SERVICES**

If you have any questions, issues or requests, please go to the CVMS Help Desk Portal* at

https://ncgov.servicenowservices.com/csm_vaccine

You can also call the NC Vaccines Help Desk at **(877) 873-6247** and select option 1.

The NC Vaccines Help Desk is available during the following hours:

Monday to Friday: 7 am – 7 pm ET

Saturday: 8 am – 4 pm ET

Sunday: Closed

* On the home page of the CVMS Help Desk Portal, select **Login** at the top right-hand corner, then select the "**Vaccine Provider**" option to submit your question, issue, or request.

Providers that are first time users of the CVMS Help Desk Portal will have to follow the steps below:

1. Register for an account by clicking '**Login**' then '**Register**' on the left side of the screen
2. Populate your first name, last name, and business e-mail
3. You will receive an e-mail with your username and temporary password to log into the portal

To provide NCDHHS with an accurate picture of the COVID-19 vaccine inventory available across all provider locations, you will need to update the CVMS Provider Portal with COVID-19 vaccine inventory receipts of shipments, reductions, deprecations, and transfers / redistributions to other providers or other locations within your organization.

If you have a surplus of COVID-19 vaccine doses or if you need additional COVID-19 vaccine doses, use the **VACCINE MARKETPLACE** to directly coordinate with another provider and agree to transfer COVID-19 vaccine doses.

The processes discussed in this training guide are primarily for users with a **Healthcare Location Manager** profile.

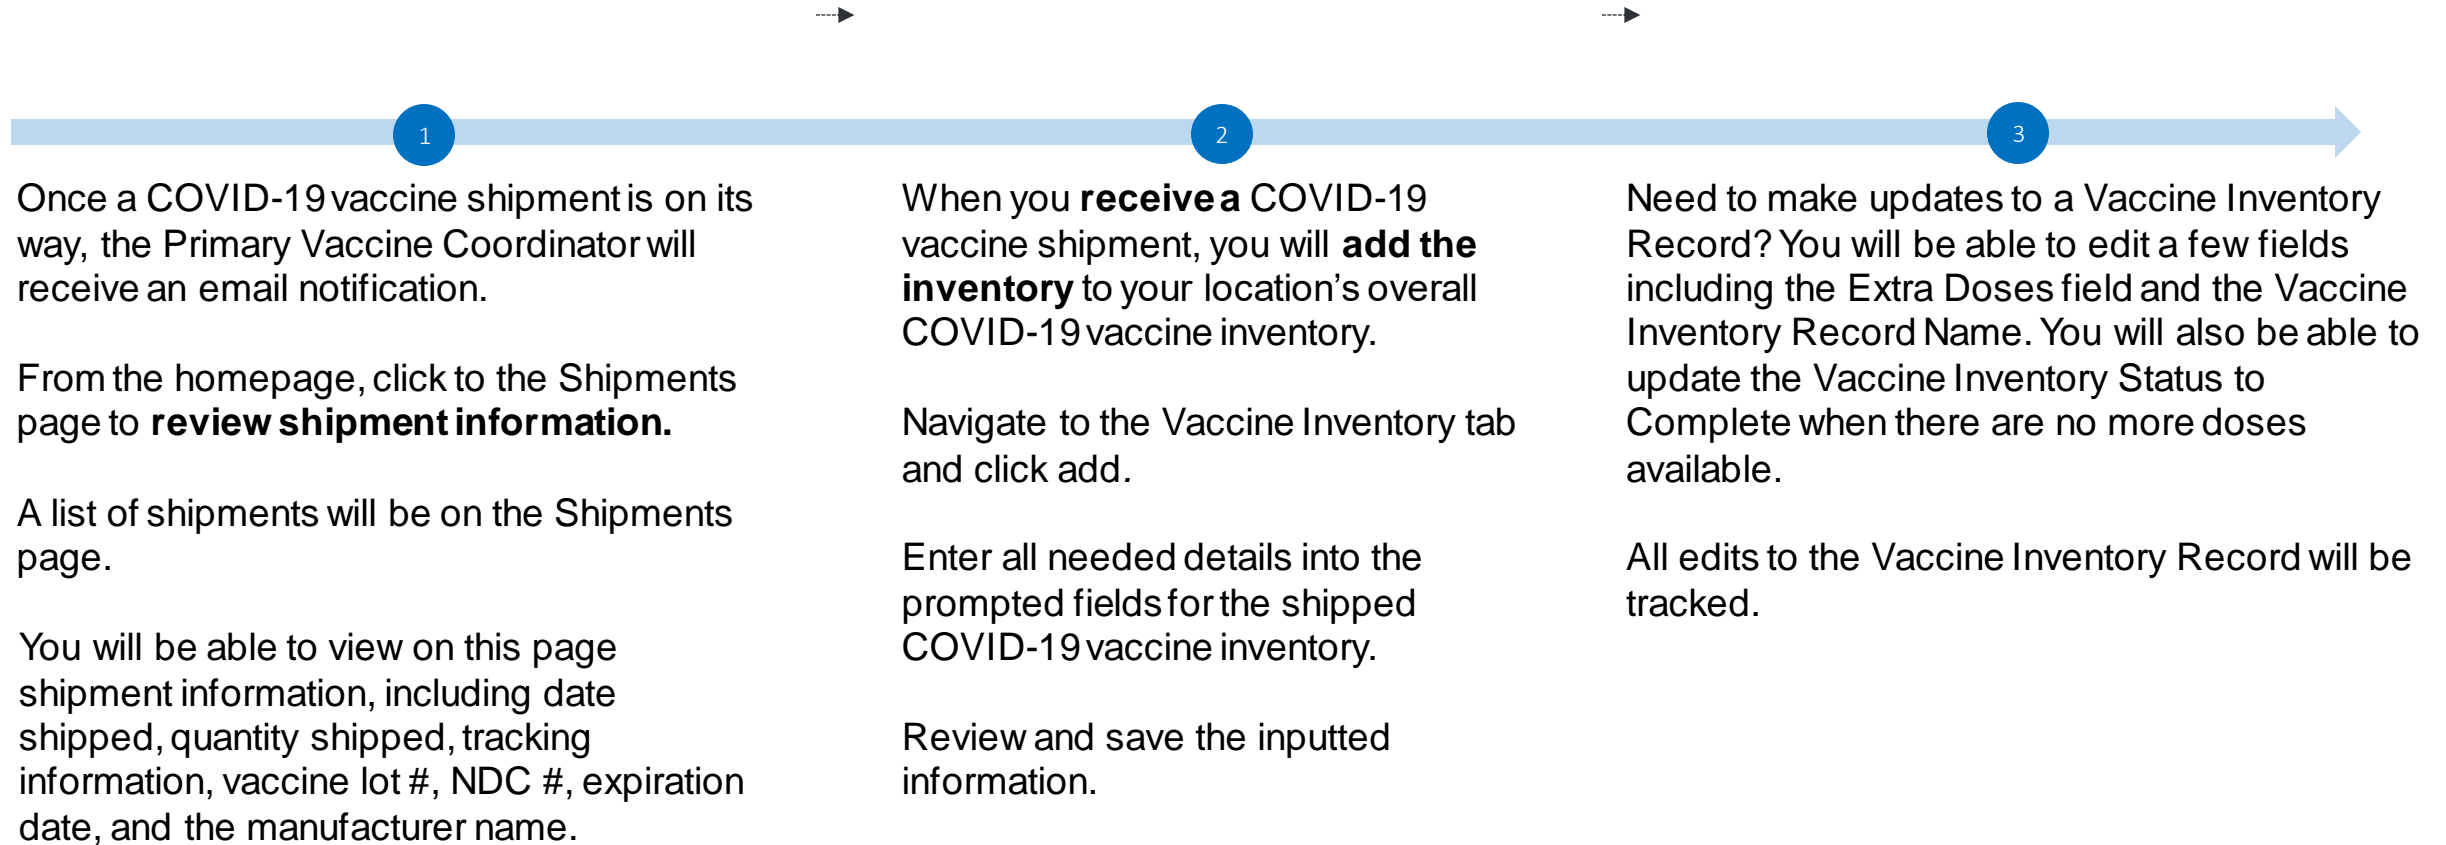

You will also need to:

- Use the latest version of Chrome, Edge Chromium, Firefox, or Safari browsers. Internet Explorer or older versions of Edge (non-Chromium) browsers are not supported.
- Log into the CVMS Provider Portal at <https://covid-vaccine-provider-portal.ncdhhs.gov> using your NCID username and password.

Now, let's get started!

Receiving Vaccines

Overview of the COVID-19 Vaccine Inventory Receiving Process

Track Vaccine Shipment Notice

Step 1 of 5: Navigate to Shipments

Once a COVID-19 Vaccine Inventory shipment is on its way, a **VACCINE SHIPMENT RECORD** will be available for you to review in your **SHIPMENTS TAB**.

- 1. At the top of your home page, click **SHIPMENTS**
- 2. After clicking **SHIPMENTS**, you will be directed to the **SHIPMENTS PAGE**

Audience

Healthcare
Location
Manager

Tips

The Primary Vaccine Coordinator will be notified when a COVID-19 vaccine shipment is on its way. The Primary Vaccine Coordinator was identified by the Organization Administrator during the enrollment process in the CVMS Provider Enrollment Portal.

Step 2 of 5: The Primary Vaccine Coordinator is also Notified by Email

Primary Vaccine Coordinators will also be notified via **EMAIL** if a **VACCINE SHIPMENT** has been processed for location(s) they support. You can expect the email to come from the **CVMS Support Team**.

The Primary Vaccine Coordinator will receive an email notification for each shipment **BY VACCINE TYPE**. Details in the email will include:

- Date Shipped
- Quantity Shipped
- Manufacturer
- NDC Number
- Lot Number
- ExIS Order Number
- Carrier
- Shipment Tracking Number

Note: Email will come from nccvms@dhhs.nc.gov

Hello John Smith,

Please see below for details of a COVID-19 vaccine shipment that is on its way to your location.

Vaccine Details:

- Date Shipped: 02/01/2021
- Quantity Shipped: 300
- Manufacturer: Moderna TX
- NDC: 80777-0273-99
- Lot Number: 032L20A
- ExIS Order ID: FLU920001FC01302021

Shipment Tracking Information:

- Carrier: UPS1
- Shipment Tracking Number: 1Z126W010100941170

Need support? Submit your question to the help desk here: https://ncgov.servicenowservices.com/csm_vaccine.

Thank you, NC Department of Health and Human Services

Division of Public Health

 NC DEPARTMENT OF
**HEALTH AND
HUMAN SERVICES**

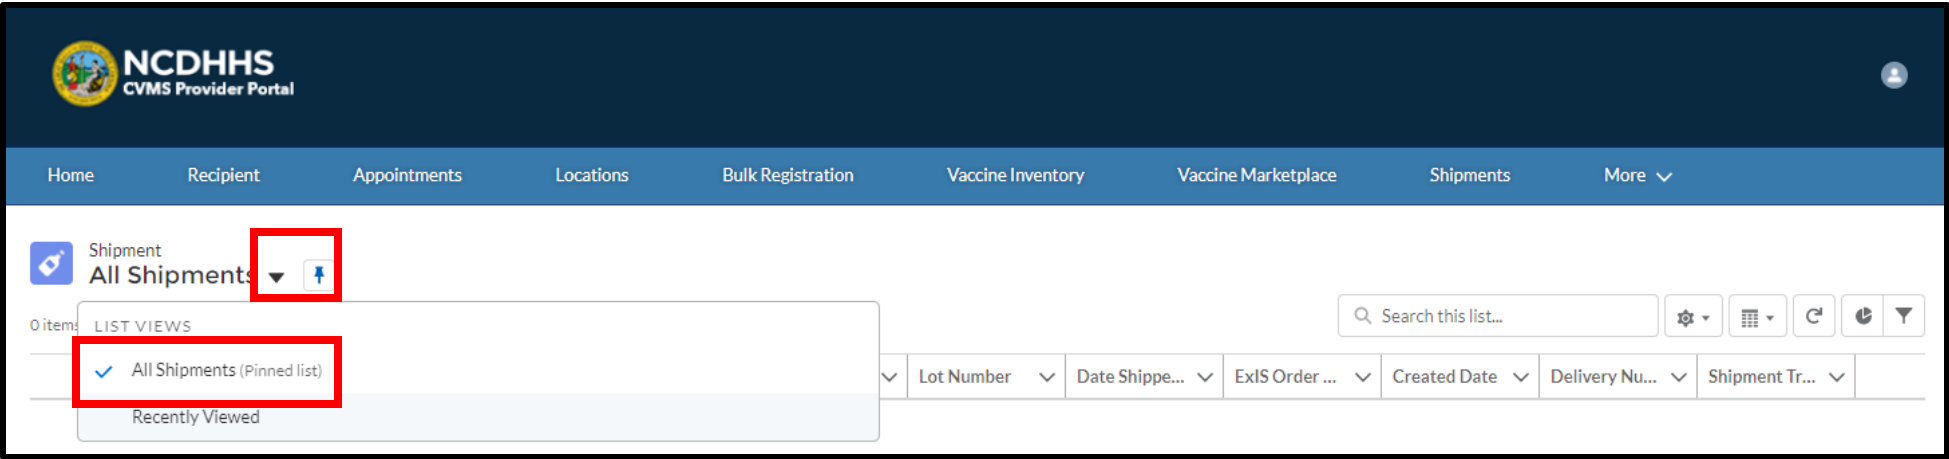

Step 3 of 5: Switch Shipment Record List Views

You will see a **LIST VIEW** on your page. A list view is a **SUMMARY OF YOUR RECORDS**. By default, you may be directed to the Recently Viewed list view. To see all your Shipment Records, you will have to switch to the ‘All Shipment’ records list view. You will be able to switch back and forth between list views.

- 1. Click the **DROP-DOWN MENU** next to the list view name
- 2. Click **ALL SHIPMENTS**
- 3. If you want to make your selection your default list view, click the **THUMBNAIL ICON**

Audience

Healthcare
Location
Manager

Step 4 of 5: Navigate to the Shipment Record

On this page, you will see a list of Vaccine Shipment records for the location(s) you support. The **VACCINE SHIPMENT RECORD** will be **RELATED** to an **ORDER RECORD**. This means that your Vaccine Shipment record will always be associated to a specific order.

- 1. Locate the **SHIPMENT ID**
- 2. Click the **SHIPMENT ID HYPERLINK**
- 3. You will be directed to the **VACCINE SHIPMENT RECORD**

1. On the Shipment record, click on the **DETAILS TAB**

Audience

Healthcare
Location
Manager

Tips

Review specific details about your order.

Add New Vaccine Inventory

Step 1 of 6: Navigate to the Vaccine Inventory tab

When you **PHYSICALLY RECEIVE** a COVID-19 vaccine inventory shipment for any COVID-19 vaccine type, you will want to **ADD THE INVENTORY** to your location's overall COVID-19 vaccine inventory. Processing your COVID-19 vaccine shipments correctly will ensure that your COVID-19 vaccine levels are accurate for your reporting.

*This process **DOES NOT** include processing inbound COVID-19 vaccine inventory transfers or redistributions. Please see the Receiving a COVID-19 Vaccine Transfer / Redistribution section for steps on how to process inbound transfers or redistributions.*

1. At the top of your home page, locate the tab **VACCINE INVENTORY**
2. Click **VACCINE INVENTORY**
3. After clicking **VACCINE INVENTORY**, you will be directed to the **VACCINE INVENTORY TAB**

Audience

Healthcare
Location
Manager

Step 2 of 6: Create a New Vaccine Inventory Record

At the top of the page, you will see the different actions you can take to manage your COVID-19 vaccine inventory. This will be your main working page for ensuring that your inventory levels are accurate. See the **CVMS PROVIDER PORTAL INVENTORY DEPRECATION, TRANSFER, AND REDISTRIBUTION USER GUIDE** at [CVMS User Guides, Recorded Trainings and Upcoming Trainings | NC DHHS COVID-19](#) to learn more about COVID-19 vaccine Wastage, Insufficient Quantities, and Redistribution / Transfer processes.

- 1. Click **ADD**
- 2. After clicking add, you will be prompted to **PROVIDE ADDITIONAL VACCINE DETAILS**

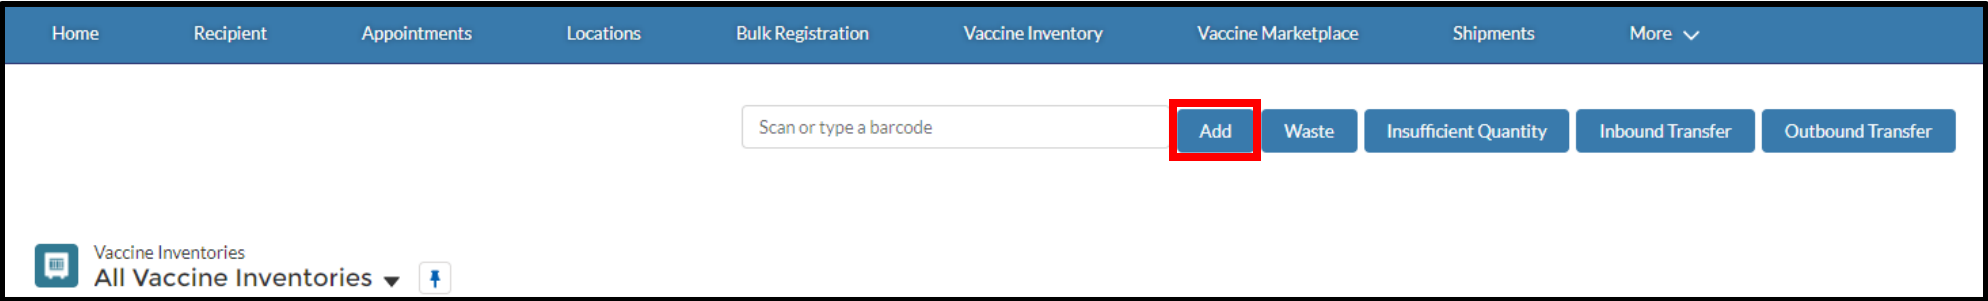

Audience

Healthcare
Location
Manager

Tips

By Default, the view is set as “Recently Viewed”, therefore the list will seem empty at first.

Change the view to “All Vaccine Inventories” and click the THUMBNAIL icon to PIN your favorite list view.

Step 3 of 6: Enter Vaccine Inventory Information

New Vaccine Inventory: New Vaccine

Reminder(s)

Moderna Instructions
Moderna can now be shipped in 10 doses/vial (NDC: 80777-273-99) or 14 doses/vial packaging (NDC: 80777-273-98). Please ensure you select the correct Moderna 'Vaccine Product'.

For more information on Extra Doses, see page 20, 'Entering Extra Doses'.

The **NEW VACCINE INVENTORY PAGE** will appear.

To search for a picklist value, you need to enter at least **THREE CHARACTERS**.

1. Populate all required **VACCINE INVENTORY FIELDS**

- Account (Do not create a new Account)
- Vaccine Inventory Name (*editable*)
- Expiration Date
- Date and Time Received
- Vaccine Product
- Total Doses
- Lot #
- State Sponsored Contract

2. Continue to **SHIPMENT DETAILS**

Audience

Healthcare
Location
Manager

Tips

When adding Inventory into CVMS, we recommend including the Lot #s in the Inventory Name to help staff that are administering vaccines to recipients to more easily choose the correct Inventory record.

Shipments from **DIFFERENT LOT NUMBERS** must be entered as separate Inventory records.

Step 4 of 6: Entering Extra Doses

If you know you will have extra doses, you can update the **EXTRA DOSES** field. You will be able to update this field later to reflect the actual number of extra doses administered.

For an example on when to record **EXTRA DOSES**, please see the **INVENTORY INSTRUCTIONS AND ASSISTANCE** image below.

Note: The CDC has directed that the Pfizer 6 dose vials should never have an extra dose.

The screenshot shows a web form titled "New Vaccine Inventory: New Vaccine". It contains several sections: "Reminder(s)" with Moderna instructions, "Fields" with input fields for Account, Vaccine Inventory Name, Expiration Date, Date Received, Vaccine Product, Total Doses, and Lot, and "Shipment Details" with a Shipment field. The "Extra Doses" field, located below "Total Doses", is highlighted with a red rectangle. The form also includes "Cancel", "Save & New", and "Save" buttons at the bottom.

Audience

Healthcare
Location
Manager

Tips

The Extra Doses field is editable at time of Vaccine Inventory record creation and up until the last dose is administered.

It is recommended that you enter extra doses as they happen instead of at the time of record creation.

Inventory Instructions and Assistance

Extra Dose Instructions

Use the 'Extra Doses' field when you are able to get more doses than expected out of a vial. This field is editable at time of Vaccine Inventory record creation and up until the last dose is administered. For example, if you receive 195 Vials of Pfizer-BioNTech, enter 975 in Total Doses. If you are able to ultimately administer 1175 doses, the Extra Doses will either equal 200 (1175 minus 975) OR will equal 5 (1175 minus 1170), depending upon if the expectation is 5 (pre 2/16/21 Order) or 6 (post 2/16/21 Order) doses per vial. Your 'Doses Available' will automatically recalculate to include any Extra Doses you have added.

Inventory Creation Instructions

Note: Please double-check Total Doses, Lot, and Expiration Date are correct before saving as these are important for Reporting & Administration. Please search & select an existing record when choosing an Account; do NOT click '+ Create Account'. If you require assistance creating/updating an Inventory record, or have any questions about the CDC COVID-19 Vaccination Program Inventory Management process, please submit your question to the help desk here:

https://ncgov.servicenow.services.com/csm_vaccine

Step 5 of 6: Enter Shipment Details

Shipment Details

Shipment ☐ Unable to locate Shipment record ⓘ

Inventory Instructions and Assistance

Extra Dose Instructions
Use the 'Extra Doses' field when you are able to get more doses than expected out of a vial. This field is editable at time of Vaccine Inventory record creation and up until the last dose is administered. For example, if you receive 195 Vials of Pfizer-BioNTech, enter 975 in Total Doses. If you are able to ultimately administer 1175 doses, the Extra Doses will either equal 200 (1175 minus 975) OR will equal 5 (1175 minus 1170), depending upon if the expectation is 5 (pre 2/16/21 Order) or 6 (post 2/16/21 Order) doses per vial. Your 'Doses Available' will automatically recalculate to include any Extra Doses you have added.

Inventory Creation Instructions
Note: Please double-check Total Doses, Lot, and Expiration Date are correct before saving as these are important for Reporting & Administration. Please search & select an existing record when choosing an Account; do NOT click 'Create Account'. If you require assistance creating/updating an Inventory record, or have any questions about the CDC COVID-19 Vaccination Program Inventory Management process, please submit your question to the help desk here: https://ncgov.servicenowservices.com/csm_vaccine

System Information

You can now enter the remaining Vaccine Shipment record details.

Do **NOT** reduce the **TOTAL DOSES AMOUNT** if you have wastage or plan to redistribute inventory.

This process **MUST** be recorded separately as **INVENTORY DEPRECIATION**.

1. Select a **SHIPMENT RECORD**
2. If you cannot locate the Shipment record, **CHECK** the **UNABLE TO LOCATE SHIPMENT RECORD** box
3. Before saving, **REVIEW** all entered details
4. Click **SAVE**

Audience

Healthcare
Location
Manager

Tips

You may click **SAVE & NEW** to process / add additional Vaccine Inventory records.

Vaccine Pfizer products Ordered on or after January 26 should be logged as the 6 doses/vial Pfizer product (not 5) so that inventory is being tracked per more recent guidance from the CDC. Vaccine Pfizer products Ordered before January 26 should be logged as the 5 doses/vial Pfizer product.

Step 6 of 6: Review the Vaccine Inventory Record

After clicking save, you will be directed to the **VACCINE INVENTORY RECORD**. Your total COVID-19 vaccine inventory has now been updated to reflect this additional inventory.

At the top of the record, your **VACCINE INVENTORY HIGHLIGHT PANEL** will reflect ongoing **DOSAGE ACTIVITY** for this inventory.

Special Attention to the Pfizer 6-dose Vial Control

Due to the nature of the Pfizer 6-dose vial, extra doses are not allowed by the CDC. Though CVMS will still allow you to enter an extra dose for any vaccine inventory, you will receive a yellow traffic light visual alert for any Pfizer 6-dose product inventories if you attempt to add extra doses.

Tips

If extra doses were previously annotated, do not try to remove them. All extra doses and wastage events should be entered at the time of the event.

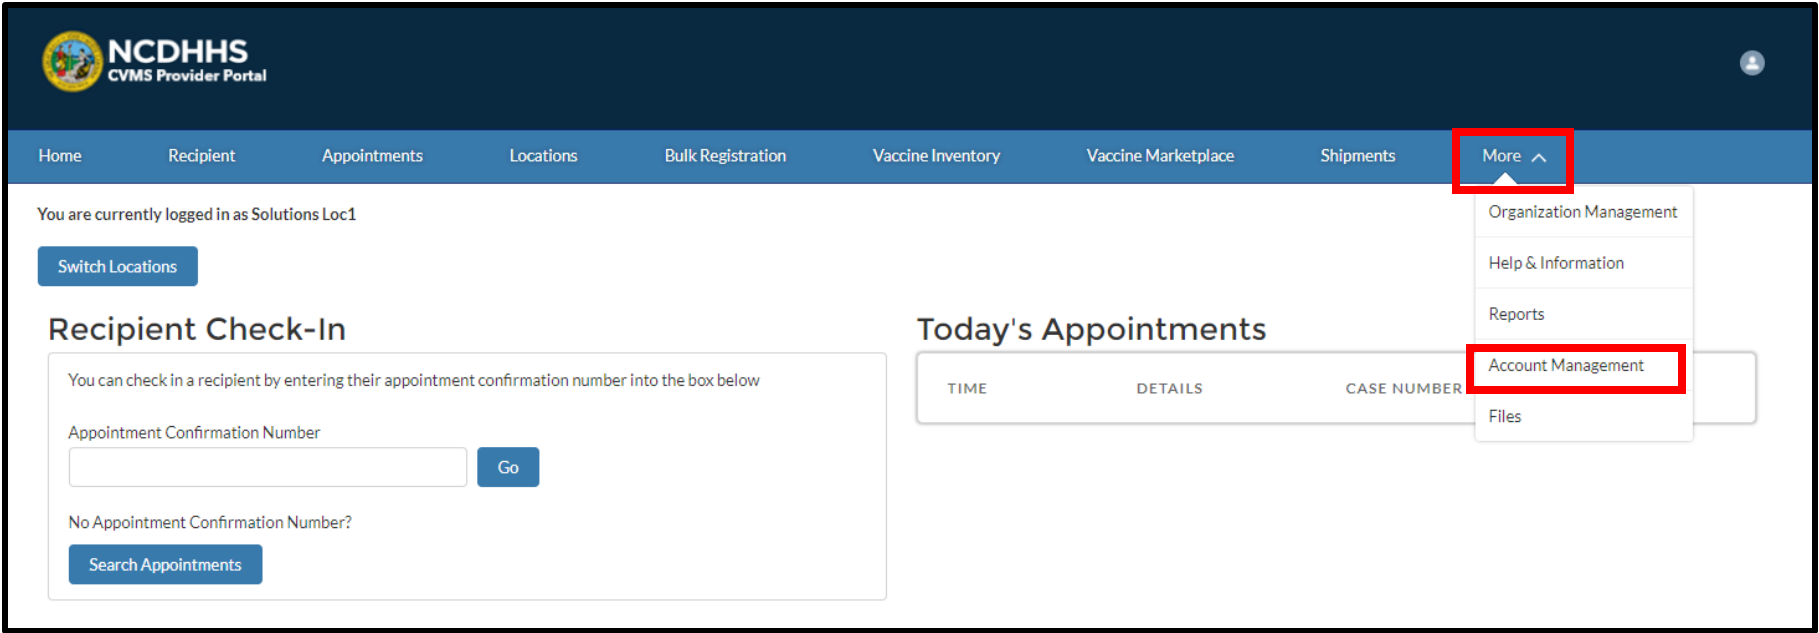

Declare Availability for More Allocations by the State

Step 1 of 5: Navigate to the Account Management Tab

You will be able to adjust your availability to receive COVID-19 vaccine inventory each week for your location in the CVMS Provider Portal. It is important that you **UPDATE YOUR AVAILABILITY BY MONDAY AT 10:00 AM EACH WEEK** if you want your adjustment to be considered for vaccine allocation planning.

If you indicate **YES**, that means your location is able to receive COVID-19 vaccine inventory that week if allocated. If you indicate **NO** because you do not have storage or capacity, your location will not be allocated COVID-19 vaccine inventory until you update your preference.

- 1. Navigate to the **MORE** Tab and select **ACCOUNT MANAGEMENT**

Audience

Healthcare
Location
Manager

Tips

If you have multiple locations, make sure to update each location's Allocation Availability each week as appropriate.

You can also get to the Account Record (Location) from the Vaccine Inventory tab and clicking on the Account Name (Location) field from any row of vaccine inventory records or from the Locations Tab. However, only accounts with available inventories will show using those methods.

Step 2 of 5: Search for the Location Manager (You)

- 1. Type the Location Manager's name (your name) in the **SEARCH BY CONTACT'S NAME OR NCID**
- 2. Click **SEARCH**

Audience

Instructions for Healthcare Provider Bulk Upload

1. To provide access to multiple users at one time, please use the Bulk HCP Upload template. The template requires first name, last name, NCID username, email address and profile type for each person on your list. **Note: Profile Names need to be spelled exactly as specified or the upload will fail.**

a. Profile types:

i. A Healthcare Provider is responsible for Recipient check-in, point-of-care Recipient registration, Recipient eligibility verification, and vaccine administration detail capture.

ii. A Healthcare Location Mgr is responsible for viewing, receiving, and adding inventory, viewing orders and shipment details, viewing and updating vaccine inventory levels, managing location inventory, performing Recipient bulk upload, managing Scheduling of appointments (optional), adding / managing / deactivating HCP Users, adding frontline organizations, reviewing reports, and additionally - all of the activities that a Healthcare Provider can do.

b. If you have users that do not have an NCID, have them follow these instructions to obtain one.

2. Enter the required fields for every healthcare provider who needs access to the portal. Only 100 users can be uploaded at a time. If your list contains more than 100 users, please create a second document using the Bulk HCP Upload Template.

3. Once you have entered all the information in the Bulk HCP Upload Template, save the file as a .csv file.

4. Submit one file at a time by dragging and dropping the .csv file into the box below. A popup will appear to tell you if your upload was successful and if any records failed to upload.

a. If upload fails: You will get an immediate notification if there are any errors uploading your file.

b. If any records fail: Your file may have uploaded partially. In this case, you will receive a list by email with a column labeled "Error" which identifies the issue with each failed record. Once you have resolved all the indicated errors, delete the "Error" column and repeat Step 3 to upload the remaining records.

5. Your successfully uploaded records will display on this page below. Search by Contact's Name or NCID.

Tips

Once you select Yes or No for a location, this selection will remain until you change it.

The screenshot shows the 'Change Allocation Availability' modal window. The modal has a title bar with the text 'Change Allocation Availability'. Inside the modal, there is a section titled '* Available to Receive Vaccine Allocation' with a dropdown menu currently set to 'Yes'. Below this, there is a detailed instruction block: 'Instructions (Available to Receive Vacs) Please ensure field 'Available to Receive Vaccine Allocation' is correct each week. 'Yes' means the site is able to receive and administer additional vaccine if allocated. A value of 'No' means the site does not wish to receive vaccine or is not able to receive and administer additional vaccine at that time if allocated and the site will not be considered for allocation. This value can be changed at any time, so if you wish to skip one week for any reason (i.e. sufficient supply for next week or storage is at capacity), mark this value as 'No' by Monday 10am for allocation planning that week. If you would like to be considered for allocation, you should have the value set at 'yes' by 10AM on Mondays. The value will STAY in place until a site adjusts it (i.e. if you select 'No,' it will remain 'No' until the site moves it to 'Yes.')

At the bottom of the modal, there are two buttons: 'Cancel' and 'Save'. The 'Save' button is highlighted with a red box. In the background, the 'Change Allocation Availability' button on the main page is also highlighted with a red box.

Exchanging Vaccines Through the Vaccine Marketplace

What is the Vaccine Marketplace?

The “Vaccine Marketplace” enables providers to self-identify and match COVID-19 vaccine needs with other providers; this feature supports the transfer of COVID-19 vaccine from **provider to provider**.

SUPPLY

Providers with extra COVID-19 vaccine doses can:

- Search the Vaccine Marketplace for a nearby provider in need of extra COVID-19 vaccine doses
- If provider is identified, contact is made via phone or email
- If provider is not located, a Marketplace post of extra dose availability can be created

DEMAND

Providers seeking extra COVID-19 vaccine doses can:

- Search the Vaccine Marketplace for a nearby provider offering extra COVID-19 vaccine doses
- If provider is identified, contact is made via Marketplace inquiry
- If provider is not located, contact Hub for assistance

Once providers reach an agreement on moving COVID-19 vaccine doses, the existing transfer process in the CVMS Provider Portal is followed to complete the transaction.

What is a Hub?

What is a Hub?

- Hubs are locations contracted by NCDHHS to serve as COVID-19 **vaccine repositories**. Hubs consolidate vaccine inventories that are dispersed among multiple providers.
- These designated Hubs are also able to deliver and/or facilitate COVID-19 vaccine pickups if a transfer is requested.

Which Hub should you contact?

- Contact your assigned Hub (see [“Find your associated Hub”](#) in this document), or the Hub closest to your location
- Filter the Vaccine Marketplace on your Hub to check their supply

Hub 1	Currituck County Health Department	Currituck
Hub 2	Buncombe County Health and Human Services	Buncombe
Hub 3	Catawba County Public Health	Catawba
Hub 4	Cumberland County Health Department	Cumberland
Hub 5	Durham County Health Department	Durham
Hub 6	Forsyth County Health Department	Forsyth
Hub 8	Moses H. Cone Memorial Hospital	Guilford
Hub 9	Henderson County Health Department	Henderson
Hub 10	StarMed Family & Urgent Care - Freemore	Freemore
Hub 11	Vidant Medical Center	Pitt
Hub 12	Wake County Human Services	Wake

*There is currently no Hub 7.

Find your Associated Hub

Step 1 of 3: Find Your Account Record

The NCDHHS team will assign COVID-19 vaccine providers to the different Hubs around the State. To locate your hub, follow these instructions.

- 1. Navigate to the **LOCATIONS** tab

Audience

Healthcare
Location Manager

Tips

Hubs are a central logistical point for receiving/sending existing surplus COVID-19 vaccines supply. Providers should coordinate with their assigned Hub to check availability before using the Vaccine Marketplace.

COVID-19 Vaccine Seek Transfer Match Instructions

Seek Transfer Match Instructions

Please note, this is a request to seek a transfer match with other provider locations. Use this form to indicate if you have extra vaccine available for transfer to other provider locations OR if you need additional vaccine at your location. This is NOT a request for State allocation and is intended to aid in communication and coordination between provider locations. Please see the steps below that outline how to use the Vaccine Marketplace:

1. Fill out this form to request additional inventory as transfer or to transfer out inventory from your provider location.

2. Monitor the Vaccine Marketplace to identify a 'match' for your need.

3. Once a match is identified, work directly with the provider to coordinate transport. Vaccine cannot be transported until the transfer in CVMS is approved.

4. The provider location transferring out vaccine doses will initiate a transfer in CVMS. Please see this user guide with exact instructions: <https://covid19.ncdhhs.gov/media/2318/download?attachment>

5. The State will review and approve the transfer request if it meets all requirements.

Doses per Vial Reminder

All inbound and outbound requests must be made in increments of doses available in full and unopened vials: 6 doses per vial for Pfizer, 10 doses per vial for Moderna, 5 doses per vial for Janssen (J&J).

Doses Available for Transfer Instruction

The 'Doses Available for Transfer' can be updated automatically or maintained manually. It is your preference & choice.

A) To have system automatically update, ensure 'Auto-Update Available Doses?' (All) is checked. The system will then utilize field 'Doses Available (Cumulative)', which is the sum of Available Doses across all Associated Vaccine Inventories. E.g. 'Associated Vaccine Inventory' has 100 Doses Available & 'Associated Vaccine Inventory 2' has 200 Doses Available. The system will show 300 Doses Available for Transfer

B) To manually maintain, ensure 'Auto-Update Available Doses?' (All) is NOT checked. You will need to enter & keep up-to-date the 'Doses (Number)' field.

You can change between auto-update & manually maintain at any time. Note that auto-update assumes all Available Doses on all Associated Vaccine Inventories are Available for Transfer. If only a subset of doses are Available for Transfer, you will need to maintain manually.

Step 6 of 8: Contact the Listing Author

If this listing is offering what you are looking for, you can contact the provider within the CVMS Provider Portal. The author of the listing will receive your message by email:

- 1. From the listing, navigate to the top of the page and click **CREATE INQUIRY**

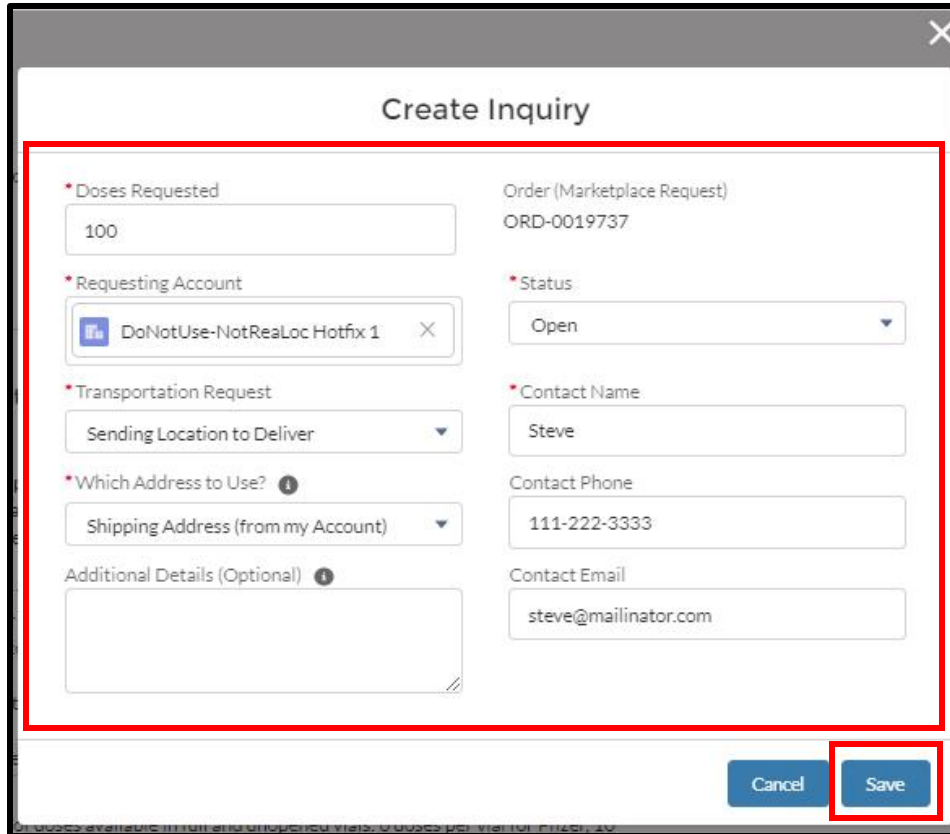

Audience

Healthcare
Location Manager

Tips

It is possible to contact the listed HCP contact directly with the information provided on the Seek Transfer Match listing.

Step 7 of 8: Complete the Inquiry

The screenshot shows a 'Create Inquiry' form with the following fields and values:

- Doses Requested:** 100
- Requesting Account:** DoNotUse-NotReaLoc Hotfix 1
- Transportation Request:** Sending Location to Deliver
- Which Address to Use?:** Shipping Address (from my Account)
- Additional Details (Optional):** (Empty text area)
- Order (Marketplace Request):** ORD-0019737
- Status:** Open
- Contact Name:** Steve
- Contact Phone:** 111-222-3333
- Contact Email:** steve@mailinator.com

At the bottom right, there are 'Cancel' and 'Save' buttons. The 'Save' button is highlighted with a red box.

1. Complete the following fields

- Doses requested
- Requesting Account
- Status (should be set to **OPEN**)
- Transportation Request
- Contact Name
- Address (can either select the address associated with the account or enter another address in the **ADDITIONAL DETAILS**)
- Contact phone (optional)
- Contact e-mail (optional)

2. Click **SAVE**

Audience

Healthcare
Location Manager

Tips

Use the **ADDITIONAL DETAILS** section to fully describe your needs.

Step 8 of 8: Review the Inquiry

Review your inquiry. Pay special attention to the **TRANSFER WARNING?** box. If checked, CVMS has determined that the inquiry is going to a provider not associated with the same Hub as your location. This only serves as a visual warning and will not prevent the inquiry or potential transfer for taking place. If any changes are needed, the inquiry can be edited by clicking **EDIT** in the upper right-hand corner.

Location Manager

Tips

Before placing a Seek Transfer Match, it is recommended that you contact your associated Hub to discuss your needs.

Also, you can set the view to display active records associated with your Hub. It is recommended that you search first by Hub. However, this will only show active records. If you are unable to find an appropriate match, it is best to search all matches.

To always see the available and active requests, set the view to **SEEK TRANSFER MATCH – ALL**, and use the pin icon to set this as your default view.

NC DEPARTMENT OF
HEALTH AND
HUMAN SERVICES

50

Step 2 of 4: Start completing the “Seek Transfer Match” Form

1. Read the instructions at the top of window
2. Complete the required fields:
 - **Request Type:** select “Extra (to Send Outbound)”
 - **Order Start Date:** enter today’s date
 - **Account Name:** select your location account name
 - **Status:** select **ACTIVE**
 - **Doses:** enter the number of doses you are offering
 - **HCP Contact Name/phone/email:** who to contact to agree on the transfer
 - **Additional Comments:** be as detailed as possible. For example, “These Extra doses of 400 doses are split over six separate inventories. Here are the number of doses per lot and expiration date: xxx – xx/xxxx”

Audience

Healthcare
Location Manager

Step 3 of 4: Select the Associated Inventory

New Order: Seek Transfer

Checked will copy "Available Doses (Cumulative)" into this field, which is the sum of Doses Available across all Associated Vaccine Inventories. Leaving unchecked means you will manually keep this number up-to-date via the "Doses (Number)" field.

Additional Details if Extra (To Send Outbound)

Associated Vaccine Inventory

111111 Delivery 06/23/2021

Auto-Update Available Doses? (All)

Additional Details if Wanted (To Receive Inbound)

Manufacturer

--None--

Requesting Provider to check box below to confirm adherence to each requirement:

Adherence to all Requirements

Requirement 1 (Seek Transfer Match)

Please confirm you have read and reviewed the latest CDC Shipping and Handling guidance for vaccine transport: <https://www.cdc.gov/vaccines/hcp/admin/storage/toolkit/storage-handling-toolkit.pdf>

Requirement 2 (Seek Transfer Match)

All transfer matches will be provider initiated and led. Providers will be responsible for documenting the transfer in CVMS and coordinating the physical transport of the vaccine. The State will not be available to support any physical transport of vaccine in a transfer match request made through the Vaccine Marketplace as DHHS is not monitoring this forum for requests for State support. Providers in need of vaccine who are unable to secure doses following the conditions outlined within the Vaccine Marketplace will need to submit a vaccine allocation request through the NC DHHS Vaccination Allocation Request Form.

Cancel Save & New Save

1. Scroll down and complete the bottom of the form:

- **Associated Vaccine Inventory:** select the lot number you are offering. See previous slide if you wish to submit multiple inventories of the same brand
- **Auto-update Available Doses? (All):** (OPTIONAL) select this box if you would like to automatically update the available doses in the match based on doses available reflected in CVMS
- **Adherence to all Requirements:** read requirements 1 and 2 and select the checkbox to agree to them

Audience

Healthcare
Location Manager

Tips

Auto-updating available doses is optional. If you choose this option, the match will automatically update the available doses of your listing to reflect what is within CVMS. This can be especially helpful if you link multiple inventories to a single match, particularly if part of the inventory is used before the match is closed.

Step 4 of 4: Submit the “Seek Transfer Match” Form

New Order: Seek Transfer Match

NC Department of Health and Human Services

Hello Steve,

Please see below for details of a Marketplace Inquiry from another Account regarding one of your COVID-19 Vaccine Marketplace 'Seek Transfer Match' requests.

Request Details:

- Requesting Account Name: DoNotUse-NotReaLoc Hotfix 1
- Created Date: 7/15/2021
- Inquiry ID: MKTINQ-0083
- Doses: 50
- Manufacturer: Moderna (14 doses/vial) COVID-19 Vaccine
- Lot: 19128
- Contact Name: Bill
- Contact Number: 444-555-6666
- Contact Email: billy@mailinator.com
- Transportation Request: Receiving Location to Pickup
- Address: Road
Vik, North Carolina 00000
County: Unknown
- Additional Details:
- Status: Open
- Requested from Account: DoNotUse-NotReaLoc Hotfix 1
- Hub (Requested from Account): Hub 1
- Hub (Requesting Account): Hub 1

Need support? Submit your question to the help desk here: https://ncgov.servicenowservices.com/csm_vaccine.

Thank you, NC Department of Health and Human Services

Division of Public Health

If another provider is interested in the COVID-19 vaccines that you are offering, you might receive an email with the details of their need, their address, and other information.

This e-mail is the result of a provider inquiry in CVMS.

You can utilize Vaccine Marketplace to facilitate transfers with other enrolled providers in your area. If you need additional vaccines for your provider location, please utilize the 'Seek Transfer Match' to identify a location near you to facilitate a transfer. If you are looking to transfer out additional on-hand vaccine inventory, please utilize the 'Seek Transfer Match' to document the amount of inventory you have on hand to transfer out. Please note, you will need to coordinate directly with the other provider to coordinate vaccine transport.

If no transfer is available to fulfill your provider location's needs, please submit a vaccine allocation request through the [NC DHHS Vaccination Allocation Request Form](#).

Note there are several Seek Transfer 'List Views' available to help you filter by Request Type & Status. The 'My Seek Transfer Matches' can be used to view records you have created. The 'Hub #' can be used to view records based on the assigned Hub/Region. You can save your favorite view as your default by clicking the pin icon. You can modify your display between Table & Kanban view by clicking the grid icon. For additional explanations & purposes of each List View you can reference the Appendix in following Training Materials: [Offer Extra Vaccines Job Aid](#) or [Request Additional Vaccines Job Aid](#).

COVID-19 Vaccine Seek Transfer Match Instructions

Seek Transfer Match Instructions

Please note, this is a request to seek a transfer match with other provider locations. Use this form to indicate if you have extra vaccine available for transfer to other provider locations OR if you need additional vaccine at your location. This is NOT a request for State allocation and is intended to aid in communication and coordination between provider locations. Please see the steps below that outline how to use the Vaccine Marketplace:

1. Fill out this form to request additional inventory as transfer or to transfer out inventory from your provider location.

2. Monitor the Vaccine Marketplace to identify a 'match' for your need.

3. Once a match is identified, work directly with the provider to coordinate transport. Vaccine cannot be transported until the transfer in CVMS is approved.

4. The provider location transferring out vaccine doses will initiate a transfer in CVMS. Please see this user guide with exact instructions: <https://covid19.ncdhhs.gov/media/2318/download?attachment>

5. The State will review and approve the transfer request if it meets all requirements.

Doses per Vial Reminder

All inbound and outbound requests must be made in increments of doses available in full and unopened vials: 6 doses per vial for Pfizer, 10 doses per vial for Moderna, 5 doses per vial for Janssen (J&J).

When a COVID-19 vaccine is to be redistributed / transferred to another provider location

- Healthcare Location Manager enters the COVID-19 Vaccine Redistribution/Transfer Request into the CVMS Provider Portal with details such as Sending Location, Receiving Location, lot number, and quantity to redistribute/transfer. The approved redistribution/transfer is reflected as an order for the Receiving Location.
- The COVID-19 Vaccine On Hand inventory of the sending location is decreased. The receiving location has a COVID-19 Vaccine Inventory Record auto-created, but the quantity is noted as "in transit".
- Receiving Location completes "Inbound Redistribution/Transfer" process, and the quantity is changed from "in transit" to "available".

Initiate an Outbound Transfer or Redistribution

Overview of an Outbound Redistribution/Transfer

Redistribution and transfer requests require **NCDHHS IMMUNIZATION BRANCH APPROVAL** to ensure proper storage capabilities and tracking of COVID-19 Vaccine Inventory movements. There are three scenarios that transfer requests will fall under.

1. If a provider requests a redistribution between two CVMS Provider locations within the same organization, who have an existing redistribution agreement, **THE TRANSFER IS AUTOMATICALLY APPROVED BY NCDHHS IMMUNIZATION BRANCH**
2. If a provider requests a redistribution between two locations within the same organization, but there is no existing redistribution agreement, the **TRANSFER MUST BE MANUALLY APPROVED BY NCDHHS IMMUNIZATION BRANCH**
3. If a provider requests a transfer to a location that is outside their location's organization, the **TRANSFER MUST BE MANUALLY APPROVED BY NCDHHS IMMUNIZATION BRANCH**

A pop-up window will appear titled **NEW ORDER: TRANSFER OR REDISTRIBUTION** for you to fill out.

1. Enter your own location for **ACCOUNT NAME**
2. Select **SUBMITTED** for status
3. If the receiving provider / location is associated with your account in CVMS, enter the name of the receiving provider in the **VACCINE RECEIVER** field
4. If the receiving provider is in CVMS but not associated with your location, enter the name in the **VACCINE RECEIVER (LOOKUP EXTERNAL LOC)** field
5. If the receiving provider / location is not built into CVMS, select the **UNABLE TO FIND VACCINE RECEIVER** button
6. Enter the desired number of doses and vials to be transferred
7. Select a **TRANSFER REASON**
8. Enter the desired date for transfer

Audience

Healthcare
Location Manager

Tips

The doses transferred must be less than the doses currently available on the selected Vaccine Inventory Record.

The Vials Transferred number must be equal to the Doses Transferred divided by the standard doses per vial for the vaccine inventory.

Save request as a Draft Status to review all information prior to submitting. Transfer request will be reviewed once the request status has been changed to submitted.

Step 4 of 10: Submit the Order Transfer Record

New Order: Transfer or Redistribution

Expiration Date Communication

Reminder: Please ensure you have clearly communicated to Receiving Location if the vaccine doses are expiring in <30 days, so they understand the urgency of administering the doses quickly to prevent/reduce waste.

Adherence to Expiration Date Reminder
☒

Scroll down within the **NEW ORDER: TRANSFER OR REDISTRIBUTION** pop-up window.

1. If the receiving provider / location is not registered in CVMS, fill in the Location Name, Street Address, City, Phone Number, Zip Code, and Vaccine Coordinator's Name and Phone Number for the receiving provider
2. Review all the listed requirements for initiating a transfer / redistribution request
3. Select the **ADHERENCE TO ALL REQUIREMENTS** checkbox
4. If the vaccine inventory being transferred expires within 30 days, read the **EXPIRATION DATE COMMUNICATION** and check **ADHERENCE TO EXPIRATION DATE REMINDER**
5. Click **SAVE**

Audience

Healthcare
Location Manager

Tips

If you selected the **UNABLE TO FIND VACCINE RECEIVER** checkbox at the top of the form, you must fill in **ALL** fields in the **RECEIVING COVID-19 ENROLLED PROVIDER INFORMATION** section.

While no action is required outside of 30 days, any vaccine with an expiration date within 30 days will trigger a validation rule that requires the sending provider to confirm that they have clearly communicated to the receiving provider the upcoming expiration date of the vaccine being transferred.

Step 5 of 10: Confirm the Redistribution/Transfer Request was Submitted

- 1. On the **ORDERS** related list from the Vaccine Inventory Related Tab, the new Order redistribution or transfer request will appear
- 2. If the status shows as **SUBMITTED** or **PROCESSING**, that indicates the redistribution or transfer is pending approval from NCDHHS Immunization Branch
- 3. If the status appears as **TRANSFER IN TRANSIT**, that indicates the transfer has been approved by NCDHHS Immunization Branch

COVID-19 Vaccine Redistribution/Transfer Request Form

Redistribution/Transfer Instructions

To request redistribution or transfer of COVID-19 vaccine inventory from a location with an approved redistribution agreement (not required for a transfer) on file to a location within their organization (Redistribution) or outside their organization (Transfer), the Sending Provider shall complete and submit this form. Redistribution and transfer requests for COVID-19 vaccines require NC DHHS Immunization Branch approval to ensure proper storage capabilities and tracking of COVID-19 vaccine inventory movements. All COVID-19 vaccine providers must comply with the CDC requirements for vaccine management, including storage and handling, and temperature monitoring at all times. Providers must keep all records related to COVID-19 vaccine management for a minimum of 3 years, or longer if required by law. Please call 1-877-873-6247 if you have any questions.

Receive Inbound Transfer or Redistribution

Step 1 of 4: Processing an Inbound Redistribution/Transfer

If you are **RECEIVING** an **INBOUND REDISTRIBUTION/TRANSFER** from another location, you will want to review the inbound transfer page to stay up-to-date. When you receive the inbound redistribution/transfer, you will be able to **PROCESS THE INVENTORY** via the **INBOUND TRANSFER PAGE**.

You **DO NOT** process inbound redistributions/transfers from the **ADD INVENTORY PROCESS**.

- 1. From the home page, click **VACCINE INVENTORY**
- 2. Click **INBOUND TRANSFER**

Audience

Healthcare
Location Manager

Tips

Inbound redistributions/transfers are **not** processed from the Add Inventory Process.

Step 2 of 4: Select the Vaccine Inventory Record

On the **INBOUND TRANSFER PAGE**, you will see **VACCINE INVENTORY** Records that are incoming redistributions/transfers to your location. You will be able to select the inbound transfer you are ready to process and add it to your inventory.

- 1. Select the correct **VACCINE INVENTORY** Record
- 2. Click **NEXT**

Audience

Healthcare
Location Manager

Tips

Identify Vaccine Inventory Records for inbound redistribution/transfer.

Tips

Complete the inbound transfer form by clicking Finish.

Declaring Inventory Depreciation Events

When to declare in CVMS a COVID-19 Vaccine Inventory Deprecation

When a COVID-19 vaccine is wasted

Healthcare Location Manager accesses the Vaccine Wastage Survey Form, providing reason for waste and other applicable information.

Once submitted, the provider location's Total COVID-19 Vaccine On Hand Inventory is decreased accordingly.

When a COVID-19 vaccine vial has insufficient quantity

Healthcare Location Manager accesses the Vaccine Inventory and inputs that a vial from that inventory has yielded an insufficient quantity (any time a vial yields less than what the CDC considers standard doses per vial for the specific COVID-19 vaccine type)

Log a Vaccine Wastage

Step 1 of 5: Navigate to the Vaccine Inventory tab

To comply with the CDC's COVID-19 vaccine inventory management guidelines, you will want to document **ALL CASES** of **COVID-19 VACCINE WASTAGE** events for all COVID-19 Vaccine Types in the CVMS Provider Portal. Accurately tracking COVID-19 Vaccine Wastage will also help you maintain an accurate view of COVID-19 vaccine inventory levels for the location(s) that you support.

Remember, examples of COVID-19 Vaccine Wastage include breaking vial/syringe and lost COVID-19 vaccines.

1. At the top of your home page, locate the tab **VACCINE INVENTORY**
2. Click **VACCINE INVENTORY**
3. After clicking **VACCINE INVENTORY**, you will be directed to the **VACCINE INVENTORY TAB**

Audience

Healthcare
Location Manager

Next

Audience

Healthcare
Location Manager

Tips

You will be able to report a Partial or Full Vaccine shipment wastage on the next page.

Step 4 of 5: Complete the Vaccine Wastage Survey form

The screenshot shows the 'Report Waste' form. Three fields are highlighted with red boxes: 'Date Wastage Occurred' (containing 'Jul 1, 2021'), 'Doses Wasted' (empty), and 'Reason for Waste' (containing 'None'). A dropdown menu for 'Reason for Waste' is open, showing options: None, Broken Vial/syringe, Expired Vaccine, Failure to store properly upon receipt, Lost or unaccounted for vaccine, Mechanical failure, Natural disaster/power outage, Open vial but all doses not administered, Recall, Storage Unit too cold, Storage Unit too warm, Vaccine drawn into syringe but not administered, Vaccine spoiled in transit(Freeze/Warm), and Other.

Note: If you have selected a Moderna vaccine inventory record, you can enter either a whole number or half doses (annotated with .5).

Clinical rules require providers to discard vials after 20 needle punctures. In these cases, any remaining doses in Moderna vials would be logged as wastage.

Document it as **OTHER** and enter the reason in the comments.

1. Populate the required **REPORT WASTE FIELDS**:

1. Date Wastage Occurred
 2. Doses Wasted
 3. If you want to report the entire Vaccine Inventory wasted, check the Entire Vaccine Inventory Wasted Checkbox.
 4. Reason for Waste
- ### 2. You may populate the **OPTIONAL FIELDS** if desired
3. Before submitting the form, **CONFIRM** that all entered details are correct
 4. Once you are ready to submit the form, click **NEXT**
 5. After clicking **NEXT**, you will be directed to the **CONFIRMATION PAGE**

Audience

Healthcare
Location Manager

Tips

If an inventory reaches expiration, you can check **ENTIRE VACCINE INVENTORY WASTED** then select **EXPIRED VACCINE** from the dropdown. This will change your available doses to zero.

Step 5 of 5: Submit the Vaccine Wastage Survey form

The **VACCINE WASTAGE RECORD** is now submitted, and your COVID-19 Vaccine Inventory Record will be automatically updated.

- 1. Click **FINISH**
- 2. After clicking **FINISH**, you will be directed back to the **INITIAL VACCINE WASTAGE SURVEY FORM PAGE**

Step 3 of 5: Find the appropriate vaccine(s) on the list

Once you are directed to the **VACCINE INSUFFICIENT QUANTITY** page, you will be directed to select **ONE OR MORE** Vaccine Inventory Records to report an insufficient quantity.

- 1. Check the **BOX** for the appropriate **VACCINE INVENTORIES**
- 2. Click **NEXT** at the bottom of the page
- 3. After clicking **NEXT**, you will see the **VACCINE INSUFFICIENT QUANTITY SURVEY FORM**

Audience

Healthcare
Location Manager

Tips

You will only be able to record insufficient quantity events for the same vaccine product if you choose to select more than one Vaccine Inventory Record.

Step 4 of 5: Complete the Vaccine Insufficient Quantity Survey form

1. Populate the required **REPORT INSUFFICIENT QUANTITY FIELDS**:
 1. Insufficient Quantity Date
 2. Doses Insufficient Quantity
 3. Select the appropriate reason from the drop-down
2. You may populate the **OPTIONAL FIELDS** if desired
3. Before submitting the form, **CONFIRM** that all entered details are correct
4. Once you are ready to submit the form, click **NEXT**
5. After clicking **NEXT**, you will be directed to the **CONFIRMATION PAGE**

Audience

Healthcare
Location Manager

Tips

For **Doses Insufficient Quantity**, select the number of doses missing from each vial.

Vaccine Insufficient Quantity

Reason for Insufficient Quantity - Other

Vial was not completely full

Previous **Next**

Step 5 of 5: Submit the Vaccine Insufficient Quantity Survey form

The **VACCINE INSUFFICIENT QUANTITY RECORD** is now submitted, and your COVID-19 Vaccine Inventory Records will be automatically updated.

1. Click **FINISH**
2. After you click **FINISH**, you will see the Vaccine Insufficient Quantity record displayed on the **ALL INSUFFICIENT QUANTITIES LIST VIEW**

The screenshot shows the 'Vaccine Insufficient Quantity' survey submission screen. The top navigation bar includes links for Home, Recipient, Appointments, Locations, Bulk Registration, Vaccine Inventory, Vaccine Marketplace, Shipments, and More. A 'Previous' button is in the top right. The main content area displays 'Vaccine Insufficient Quantity' and a message: 'Insufficient quantity event for the chosen vaccines have been created.' A 'Finish' button is highlighted with a red box in the bottom right corner.

Below the survey screen is the 'All Insufficient Quantities List View'. It features a red box around the 'Insufficient Quantities' header and a dropdown menu set to 'All Insufficient Quantities'. Below this, it shows '48 items • Sorted by Created Date • Filtered by All insufficient quantities • Updated 2 minutes ago'. A search bar and several icons are present. The table below lists the insufficient quantities:

Insufficient ...	Vaccine Inventory	Insuffic...	Dos...	Reason for Insufficient Quantity	Reason for Insufficient Quantity - ...	Created Date
1	INSUFF-00097	Delivery 02/12/2021	2/15/2021	1	Moderna (9 doses obtained from vial, expected 10)	2/15/2021, 11:29 AM
2	INSUFF-00096	Grace Moderna First Dose Inventory	2/15/2021	1	Moderna (9 doses obtained from vial, expected 10)	2/15/2021, 11:29 AM

Audience

Healthcare
Location Manager

Tips

After clicking **FINISH**, you will see your Vaccine Insufficient Quantity record displayed on the **All Insufficient Quantities List View**.

Edit Deprecation Events

Step 1 of 4: Navigate to the Vaccine Inventory tab

In the event that a deprecation event was incorrectly entered, the event record can be edited to reflect the corrected information.

1. At the top of your home page, locate the tab **VACCINE INVENTORY**
2. Click **VACCINE INVENTORY**
3. After clicking **VACCINE INVENTORY**, you will be directed to the **VACCINE INVENTORY TAB**

Audience

Healthcare
Location Manager

Tips

The process for editing both Wastage and Insufficient Quantities is identical.

Step 2 of 4: Select the Vaccine Inventory to be Corrected

1. Search the list
2. Select the Vaccine Inventory Record to edit

Consolidate Available Doses from Multiple Vaccine Inventory Records in a Single Inventory Record

Step 1 of 4: Navigate to Vaccine Inventory Record to Consolidate

To reduce the number of vaccine inventory records and to aid with vaccine management, all inventory records for the same product from the same lot can have the available doses consolidated into a single record. To do so, follow these instructions:

- 1. From the **VACCINE INVENTORY TAB**, identify the **VACCINE INVENTORY RECORDS** that you wish to increase with available doses from other inventory records
- 2. Click the **VACCINE INVENTORY NAME HYPERLINK** to open it

Audience

Healthcare
Location
Manager

Tips

Use the search feature to search the lot number. The recommended best practice of entering the lot number to each vaccine inventory record name helps ensure that all inventory records from the desired lot to consolidate will be displayed.

Consolidate Available Doses

Step 3 of 4: Consolidate the Records

- 1. Select the **VACCINE INVENTORY NAME** for the record(s) to consolidate
- 2. Click **FINISH**
- 3. Repeat Step 2 and 3 if you wish to consolidate more records
- 4. The inventory selected in this step will have its number of Available Doses reduced to 0, while the available doses of the inventory selected in the previous step will be increased by the same amount.

Step 4 of 4: Check Consolidated Inventories

After the records have been consolidated, the available doses are all transferred from the other records.

Notice that those vaccine inventory records still exist and still maintain their own history to include deprecation events. These records can now be marked as “complete”.

Access the Vaccine Inventory Consolidations Report

The Vaccine Inventory Consolidations report displays all lot consolidations performed at all locations for which the user has access.

1. Navigate to the **MORE** tab and select **REPORTS**
2. On the left, select **ALL REPORTS**
3. Click on the **VACCINE INVENTORY CONSOLIDATIONS REPORT**

The screenshot shows the NAVIGATE THE CVMS PROVIDER PORTAL interface. At the top, a navigation bar includes tabs for Home, Recipient, Appointments, Locations, Bulk Registration, Vaccine Inventory, Vaccine Marketplace, Shipments, and More. The 'More' tab is highlighted with a red box. Below the navigation bar, a dropdown menu is open, showing options: Organization Management, Help & Information, Reports (highlighted with a red box), Account Management, and Files. On the left sidebar, under the 'Reports' section, 'All Reports' is highlighted with a red box. The main content area displays a table of reports. The table has columns: Report Name, Description, Folder, Created By, and Created On. The 'Vaccine Inventory Consolidations' report is highlighted with a red box. It is located under the 'Provider Reports' folder, created by 'Copado Integration User' on 7/16/2021, 2:38 AM. The description states: 'Summary of all Lot Consolidations performed at all Accounts/Locations for which the user has access.'

Receive State Sponsored Contract Inventories

Receiving State Sponsored Contract Inventories

A **state sponsored contract inventory** is an inventory specifically earmarked for state sponsored vendor events. The intent of tagging a vaccine inventory as a State Sponsored Contract is to allow it to be used for traditionally marginalized and underserved communities, which primarily will allow it to be used for recipients that need to be vaccinated in their homes. For most vaccine inventory records in CVMS, the State Sponsored Contract checkbox will be unchecked. If the state designates an inventory as a State Sponsored Contract, the following procedures should be followed.

If the option to mark the inventory is not available, please contact the NC Vaccines Help Desk (see slide 2 of this user guide for contact instructions).

Audience

Step 2 of 2: Complete New Vaccine Inventory Record Form

- 1. Populate all required **VACCINE INVENTORY FIELDS**
- 2. Add the label **SSC -** to the beginning of the *Vaccine Inventory name* so that it is easily identifiable.
Note: This is a required labeling standard for ALL State Sponsored Contracts (e.g., “SSC – Delivery”)
- 3. Check the **STATE SPONSORED CONTRACT** Checkbox
- 4. Click **SAVE**

Tips

For more information, see the **ACCESSING REPORTS** section of the **NAVIGATE THE CVMS PROVIDER PORTAL USER GUIDE** at <https://covid19.ncdhhs.gov/vaccines/providers/covid-19-vaccine-management-system-cvms-steps-providers#step-6---navigate-the-cvms-provider-portal>.

Appendix

Key Terms

Vaccine Inventory Shipment details

Vaccine Inventory Shipment Details may include lot number, serial number, and national drug code (NDC).

Extra Doses

Extra Doses are any additional doses that are administered beyond what the CDC considers standard doses per vial for the specific COVID-19 vaccine type.

Redistribution

Redistribution is the planned and scheduled movement of inventory between two enrolled sites within the same organization with an approved redistribution agreement.

Transfer

Transfer is the unplanned and unscheduled movement of inventory between two enrolled sites (move inventory between those who have vaccine to those who do not).

Spoilage

Spoilage happens when a COVID-19 vaccine dose is no longer eligible for administration to an individual due to exposure to inappropriate conditions.

Wastage

Vaccine Wastage is the sum of COVID-19 vaccines discarded, lost, damaged, or destroyed.

Insufficient Quantity

COVID-19 Insufficient Quantity events include any time less than what the CDC considers standard doses per vial for the specific COVID-19 vaccine type is able to be administered to recipients.

CVMS Steps For Providers

- ✓ Step 1 - Register your organization
- ✓ Step 2 - Register each vaccine location and all prescribing providers who will administer vaccine
- ✓ Step 3 - Obtain NCID credentials
- ✓ Step 4 - Create user accounts for your organization's CVMS users
- ✓ Step 5 - Navigate the CVMS Provider Portal
- ✓ Step 6 - Receive and manage vaccine inventories
- ☐ Step 7 - Add locations to the find a vaccine location website
- ☐ Step 8 - Invite recipients to register in the COVID-19 Vaccine Portal
- ☐ Step 9 - Invite recipients to self-schedule their appointments (optional)
- ☐ Step 10 - Check-in recipients and document vaccination

Additional Notes

Key Items:

- **Hyperlinks** appear as light blue and will provide additional information or navigation.
- *** Asterisks** are used to denote required information.
-  A Toggle can be clicked to see selectable options.
-  A Pen can be clicked to make edits to the field.
-   Navigation Buttons can be clicked on to progress to the “next” or the “previous” step in a task.
-  A Pause button can be clicked if you wish to step away / and return to your form later. You will be prompted to review your previously entered data upon your return/ login.

Supported Web Browsers:

- Please use the latest version of Chrome, Firefox, Safari, or Edge Chromium browsers to access CVMS.
- For more information on supported browsers, see https://help.salesforce.com/articleView?id=getstart_browsers_sfx.htm&type=5
- Note: Internet Explorer and Edge (non-Chromium) browsers are not supported.
